General Directions to Energy PR:

Holwell Manor Barn, Holwell, Burford, Oxon OX18 4JS Tel: 01993 823011

Energy PR is situated off the A361, two miles south of its junction with the A40 at Burford, 22 miles east of Cheltenham, 20 miles west of Oxford and 18 miles north of Swindon.

Drive up through Burford high street.

At the Burford roundabout, at the top of the hill, take the second exit - essentially staying on the A361 (towards the Cotswold Wildlife Park) and follow the road for a mile or so. Turn right as if going to the Cotswold Wildlife Park.

Go past the Park main entrance on your left and past the tradesman's entrance. Just beyond this you will come to a small crossroads. Take a right towards Holwell. Carry on down this road for about a mile until you come into the village of Holwell (blink and you'll miss it).

As you enter the village you'll see a church in front of you with a triangular piece of grass. Keeping the church on your left, carry straight on and you'll see a building on stilts. As you look at this building we are directly to the right of it in the barn. Drive into the gravel path and park.

The consultancy is situated in the barn - any problems once you get to Holwell just honk your horn and we'll hear you!

Directions to Energy PR From the M4:

Holwell Manor Barn, Holwell, Burford, Oxon OX18 4JS Tel: 01993 823011

Energy PR is situated off the A361, two miles south of its junction with the A40 at Burford, 22 miles east of Cheltenham, 20 miles west of Oxford and 18 miles north of Swindon.

Traveling from the M4 come off at junction 15 - following the signs for Cirencester.

Stay on this road, you will eventually see a sign for Stow & Burford A361.

Turn onto this road and stay on it travelling through Highworth and Lechlade at all times following the signs for Burford.

Once you pass through Lechlade on the A361 you are about three miles from us.

As you travel on the A361 between Lechlade and Burford you will see a sign on the left for the Cotswold Wildlife Park. Turn left as if going to the Park.

Go past the Park main entrance on your left and past the tradesman's entrance. Just beyond this you will come to a small crossroads. Take a right towards Holwell. Carry on down this road for about a mile until you come into the village of Holwell (blink and you'll miss it).

As you enter the village you'll see a church in front of you with a triangular piece of grass. Keeping the church on your left, carry straight on and you'll see a building sort of 'on stilts'. As you look at this building we are directly to the right of it, in the barn. Drive onto the gravel path and park where you can (no clamping in operation in this neck of the woods so you're safe!)

Any problems once you get to Holwell - just call or honk and we'll direct you.

Directions to Energy PR from the M40:

Holwell Manor Barn, Holwell, Burford, Oxon OX18 4JS Tel: 01993 823011

Energy PR is situated off the A361, two miles south of its junction with the A40 at Burford, 22 miles east of Cheltenham, 20 miles west of Oxford and 18 miles north of Swindon.

Take the M40 to Junction 8 (Oxford exit). Come off at Junction 8 and follow the A40 signs towards Oxford. This will take you onto the Oxford Ring Road at which time you'll pick up signs for A40 Cheltenham. There may also be signs for the Cotswold Wildlife Park at this stage and, as we're very close to the Park, these are a good clue!

Basically, once you hit the A40 towards Cheltenham, you just keep going straight (over several roundabouts etc) until you come to the roundabout at Burford. Instead of turning right towards Burford you turn left (A361 - towards the Wildlife Park and Lechlade) and follow the road for a mile or so.

Turn right as if going to the Cotswold Wildlife Park but go past the Park's main entrance on your left and past the tradesman's entrance. A few hundred yards beyond this you will come to a small crossroads. Take a right towards Holwell. Carry on down this road for about half a mile until you come into the village of Holwell (blink and you'll miss it).

As you enter the village you'll see a church in front of you with a triangular piece of grass. Keeping the church on your left, look ahead of you and you'll see a building on stilts. As you look at this building we are directly to the right of it in the barn. Parking is behind the barn.

The consultancy is situated in the barn through the main door in front of you. Any problems once you get to Holwell - just honk your horn and we'll hear you!

Directions to Energy PR from Oxford:

Holwell Manor Barn, Holwell, Burford, Oxon OX18 4JS Tel: 01993 823011

Energy PR is situated off the A361, two miles south of its junction with the A40 at Burford, 22 miles east of Cheltenham, 20 miles west of Oxford and 18 miles north of Swindon.

From Oxford take the A40 for Cheltenham. Keep going until you come to the roundabout at Burford. Instead of turning right towards Burford you turn left (A361 - towards the Cotswold Wildlife Park) and follow the road for a mile or so.

Turn right as if going to the Cotswold Wildlife Park but go past the Park's main entrance on your left and past the tradesman's entrance. Just beyond this you will come to a small crossroads. Take a right towards Holwell. Carry on down this road for about a mile until you come into the village of Holwell (blink and you'll miss it).

As you enter the village you'll see a church in front of you with a triangular piece of grass. Keeping the church on your left, look ahead of you and you'll see a building on stilts. As you look at this building we are directly to the right of it in the barn. Parking is behind the barn.

The consultancy is situated in the barn through the main door in front of you. Any problems once you get to Holwell - just honk your horn and we'll hear you!
